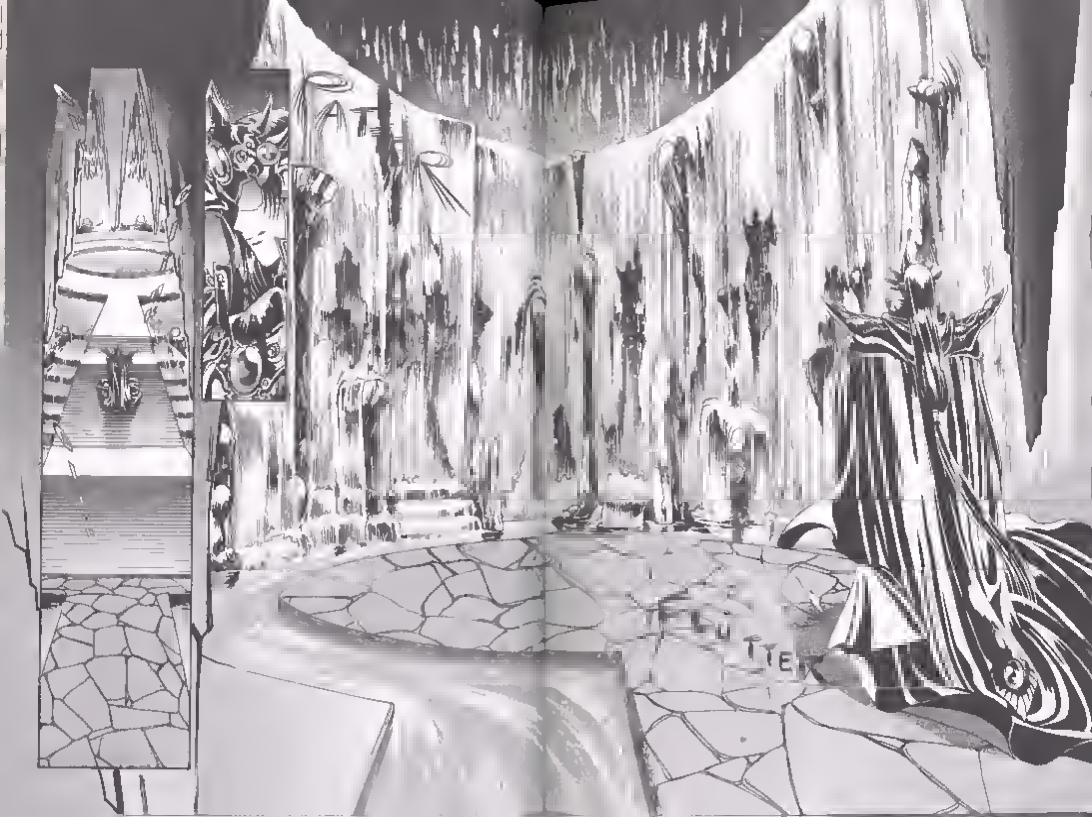
What is the one way to go home?

You must save Cephiro



Lord Zagato what does the water-mirror reveal?
The Legendary Knights were summoned to this world
Hmm— I see
Although imprisoned Princess Emeraude's powers remain strong indeed
Her powers kept peace and order in Cephiro

As in the legend are there three of them?
So they will become the Magic Knights and revive the Spirits?
This will be interesting
They cannot revive the Spirits
The three summoned ones are still children

You must take care of this problem
Alcione...

Before, everyone lived happily...

There were no such monsters in Cephiro before
The light tore that monster apart!
We're in the Forest of the Elements
I can't believe there are monsters roaming there sacred woods—
It seems we must hurry
When the princess disappeared
why did Cephiro fall apart?

Like I said
Princess Emeraude is the pillar of our world
Pillar ?
Princess Emeraude protected the peace and order in Cephiro with her prayers
With her prayers?
In Cephiro, everything is controlled by one's will.

Here in Cephiro, belief is power
Belief

Princess Emeraude brought peace and order with her belief
She protected our world from fear and strife.
Until...
someone abducted the princess...
Who?! Who kidnapped the princess?!
It was Priest Zagato
Zagato?

Zagato kidnapped the princess
and brought her somewhere
You don't know where?
With your powers?
Zagato's power is second only to that of the princess,
And
And what?
Eeeeeh!
Um— never mind

Then the only way we can go home is ..
The princess wished you to our world
As I said before in Cephiro, one's will controls all
If you can become the Legendary Magic Knights as she wished..
and save Cephiro. then her wish would be fulfilled.
Then you could go home

I don't believe it
It's like a fantasy game!
We can save the princess and
become the Legendary Magic Knights ..!
But why us ?
Yeah! Why us?
Why not someone from Cephiro?
A
HA!
That's right! What about the people of Cephiro?!

If the princess is so important, why didn't anyone do anything?!
No one went to rescue her?!
Many sorcerers warriors... and knights
fought Zagato to save her
However no one has won
He... he's that strong...?
They are still fighting now
But
The people from Cephiro cannot win...

Why not?
Because the Legendary Magic Knights must come from another world
Why is that?
What's wrong with them?
To become a Legendary Magic Knight
one must revive the Spirits
Spirits?

you need armor

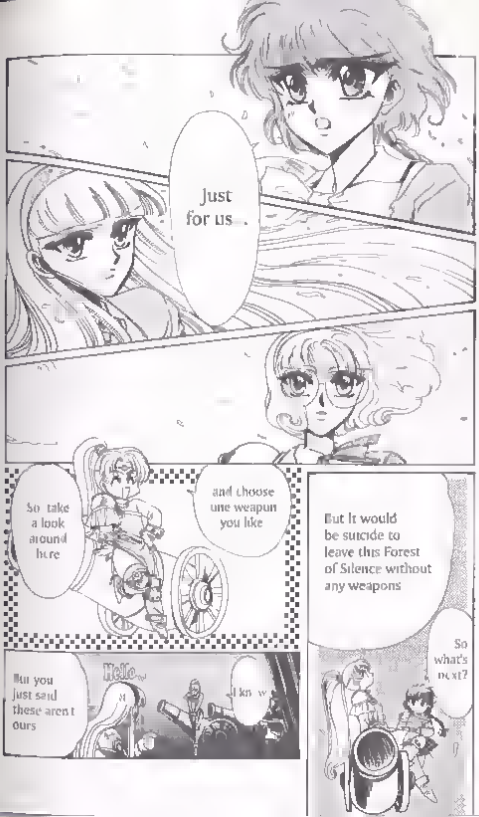
Then what...?
Choose your favorite weapon from here
But I'm just lending them to you...
they are not yours

Each and every weapon is made for just one person--
and only for that specific person
The weapons I create are not for just anyone
They're not yours
So these weapons
Yup
I'm going to make you special weapons ..
Just for you!



Just for us...
So take a look around here
and choose one weapon you like
But it would be suicide to leave this Forest of Silence without any weapons
So what's next?

Hello...

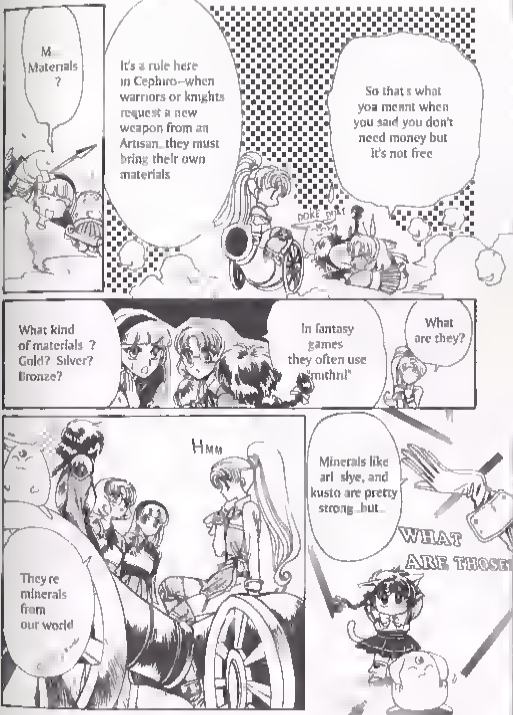
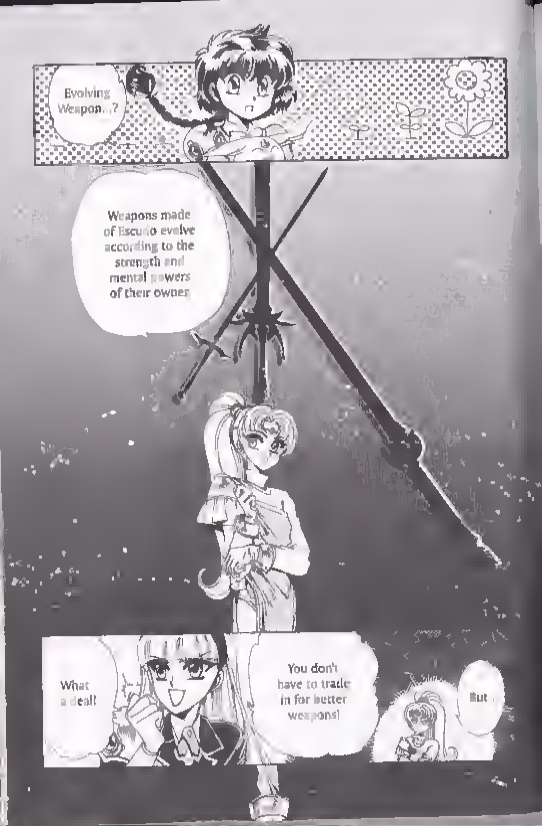
Thank you!
I'm going to make the best weapons ever!
So
In order for you to become the true Magic Knights of the Legendary Battle
SHOCK!
Go out and get me the materials!



M...
Materials ?
It's a rule here in Cephiro--when warriors or knights request a new weapon from an Artisan, they must bring their own materials
So that's what you meant when you said you don't need money but it's not free
What kind of materials ? Gold? Silver? Bronze?
In fantasy games they often use "mithril"
What are they?
Hmm
They're minerals from our world
Minerals like ari shye, and kusto are pretty strong...but...
WHAT
ARE THOSE?

But these aren't good enough for the Magic Knights
We must follow the legend and use the Legendary Mineral..
The Legendary Mineral?!
Yup
The Legendary Mineral called "Escudo"
Escudo
It's the only mineral in Cephiro used to make an Evolving Weapon



Evolving Weapon...?
Weapons made of Escudo evolve according to the strength and mental powers of their owner
What a deal!
You don't have to trade in for better weapons!
But...

If the owner doesn't evolve the weapon won't either
If you think about it maybe it's just easier to buy better weapons each time. They'll work even if the owner doesn't evolve
Umph
Oh no!!
In any case In order for you to become Magic Knights
you have to use Evolving Weapons and evolve with them.
Because Evolving Weapons are key to reviving the Spirits
Spirits?
Key?
Why?

EH?

Didn't Guru Clef tell you anything?!

Hi! I'm CLAMP's leader. Nanase Ohkawa I wrote the story for Rayearth
I'm the real Mokona Apapa My job is drawing the character and background art

Did you know that Ms. Ohkawa drew this section?
Don't embarrass me!
Hi, I'm Satsuki Igarashi from CLAMP. I'm the assistant designer and production coordinator.
I also cook a lot, too
I'm the final CLAMP member, Mick Nekoi. I do the final editing work and direction. I also draw the mini characters.
I designed Mokona.

There are no assistants– we do it all, just the four of us.
We're always working hard.
